Combine & Refine

Satellites of Earth

Satellites over time.

Filter

- Might be too busy with both circles & triangles.
- Slides may be hard to implement.

Categorise

- Should have distinct headers :
 - ↳ Satellites over time
 - ↳ by Country.
 - ↳ Satellite uses.
 - ↳ Launch Vehicles.

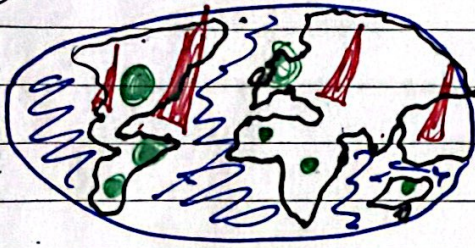

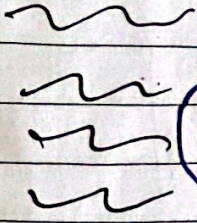

Question

- Not sure if May first or May 1st last.

Layout

Total launches per country

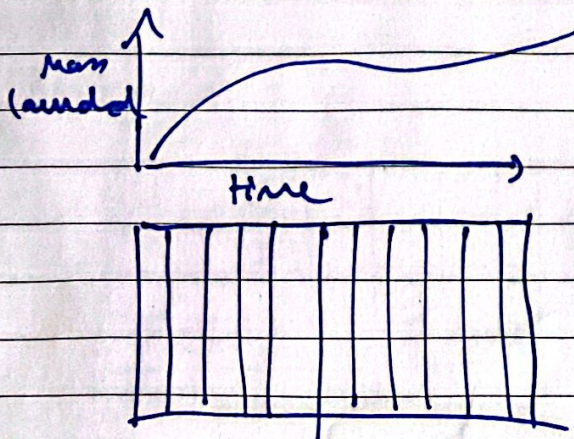

1967 2023

Focus

Contractor	
Launch vehicle	

Contractor:
Launch vehicle
Sat launched: X

Title: Satellites of Earth

Author: Karan Glover

Date: 2/10/24

Sheet: 2

Task: Assignment 2
Operations

- Slider for filtering dates of satellite used for map.
- Potentially for all temporal graphs.

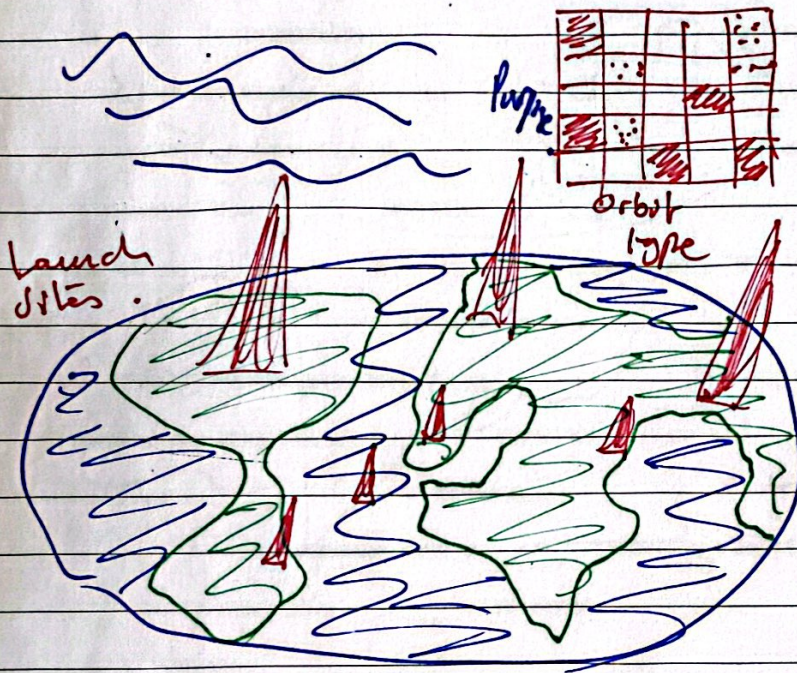

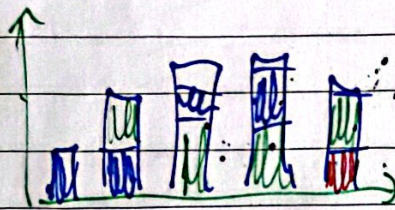

Discussion

- Tree map provides insight into the contractors biggest & what launch vehicles they use.

- Time graph needs to be a line for log scale on y. Therefore bar chart needs to be proportional.

Layout

Satellites of Earth

Title: Satellite of Earth

Author: Karan Glover

Date: 3/10/24

Sheet: 3

Task: Assignment 2

Operations

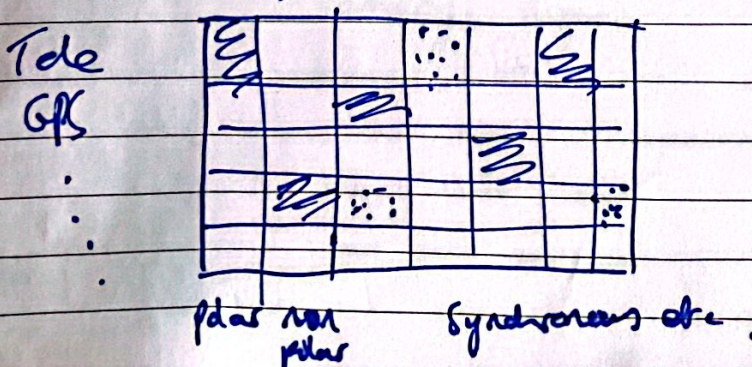

- Split main body into 2 columns with map at bottom as figure ground.
- Launch vehicle graph for

Focus

- Shaded bar chart for Launch Vehicle types.

↳ May need to be broken up into before & after Falcon 9.

- Heatmap

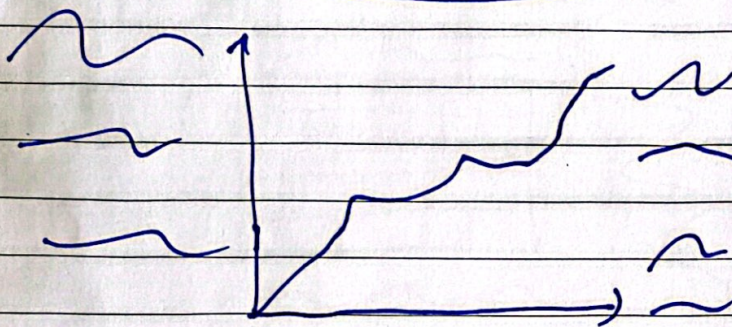

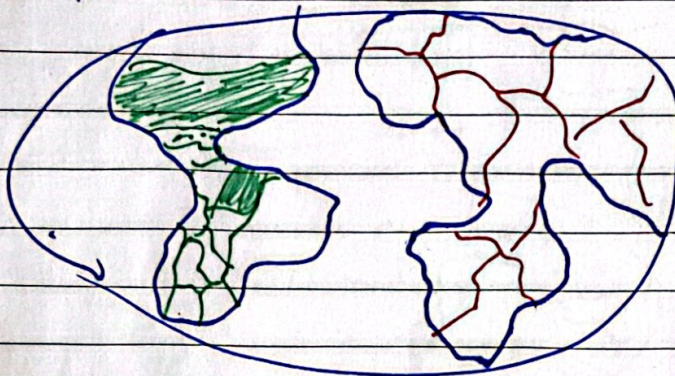

Discussion

- Launch vehicle graph should highlight the change from Falcon 9.
- Heatmap allows reader to gain understanding of what satellites are being used for.

Layout

Satellites of EARTH

Focus

- Chloropleth maps normalized the total man fire each country by total land & average satellite man.
 - ↳ Can highlight low USA has highest count but average coming down due to Starbucks.

Titel: Satellites of Earth

Author: Roman Doves

Date: 03/10/2024

Sheet: 4

Task: ~~Assignment~~ 2 operations

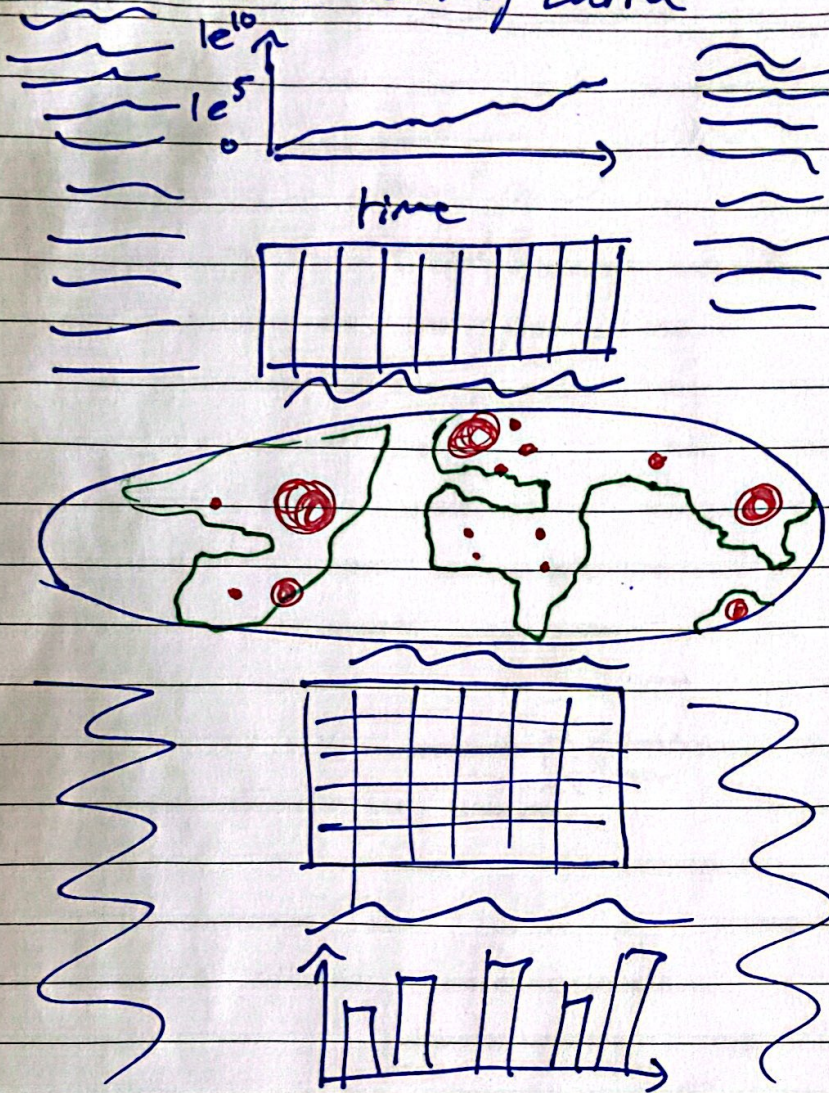

- Filter by line on map.
 - ↳ Can see low average man changes over time
 - ↳ See small early on then big then small again.

Discussion

- Map first is good.
 - ↳ Eye catching/interesting
 - ↳ Text either side of graphs.

Layout

Satellites of Earth

Satellites of

Title: Earth

Author: Rame Glover

Date: 03/10/24

Sheet: 5

Task: Assignment 2.

Operations

* Brush filter
for map &
prop chart

• Heat map can
be filtered by
year also.

• Launch Vehicle
graph highlights
these rates on
map.

Focus

• Brush filter of line graph
for the main prop
graph because some small
orbit types.

• Map shows the total satellites
for each country.

Discussion

• Flow:

↳ Satellites over
time

↳ Satellites by
country.

↳ Satellite purpose
↳ what they
are for.

↳ How do we
get them up
there

↳ Launch
vehicles.
